**Sophomores:**
Sophomores have now received the Myers-Briggs Type Indicator Career Report in their Career Exploration classes. Mrs. Langworthy and Mrs. Moscovic reviewed the results of the students’ reports during classes and provided students with detailed career information through the O-Net Career Information site provided by the U.S. Department of Labor. This website, at onetonline.org, allows students to research the details about any career of their choosing, including projected job outlook and salary information in different parts of the country. Career Exploration classes will continue through the end of April and will include an introduction to SCOIR, the online platform used by Canisius to manage students’ college search process.

**Juniors:**
As the fourth marking period has begun, juniors are encouraged to finish the school year strong as it is the last chance for them to raise their cumulative GPA before they submit their college applications in the fall.

Although many colleges Spring SAT and ACT registration deadlines are fast approaching juniors must register individually through these websites:
SAT/College Board
ACT
(If your family qualifies for a fee waiver, please see your school counselor.)

The Junior Awards Assembly and the National Honors Society Induction Ceremony will be held on May 24. Information regarding the award criteria and the application form have been discussed with juniors in College Planning class and can be found on our Schoology page. Invitations to apply to the National Honor Society will be distributed very soon and will be due before Easter break.

Now would be a great time to have a family conversation about the affordability of college to avoid “sticker shock”. In class, we have reviewed how to search for a college based on students’ interests including the cost of attendance. Utilizing Scoir’s financial aid resources and college comparison charts will assist you in your research.

Coming up next: creating Common Application accounts, writing your personal essay and obtaining letters of recommendation.

As always, school counselors welcome meeting with parents about the college search and application process.

**Seniors:**
Class 2022 college acceptances

Please continue to bring in or email legible copies of your acceptances and scholarship award letters. This information is needed for the Senior Awards Assembly and required to obtain graduation tickets.

Also keep your Scoir accounts updated with your college decisions. This data will help us advise future students with their college application process.

Seniors have until May 1, the National Reply Deadline, to decide among their acceptances and commit to their final choice college.

Information regarding local and national scholarships continues to be updated on our Guidance webpage under: scholarships. Many seniors do not take advantage of these financial resources as much as they should. Please see your son’s school counselor with any questions.

The task of deciding which college to attend can be overwhelming. Families are welcome to contact colleges’ financial aid departments to further discuss options available to them or to appeal/review financial aid award letters with the hope of obtaining additional monies.
